

April 2008

To Whom It May Concern:

We are seeking donations of random participant prizes for the 7th annual Powell Spring 5k fundraiser. The proceeds of the race benefit young people in the Powell and Worthington communities. These young people volunteer before and during the race to earn money to attend Boy Scout camp or an equivalent summer camp.

The race will take place on Saturday, May 31 at 8:30am in Adventure Park in Powell. Our race is sanctioned by the US Track and Field Association, which helps generate a sizable field of runners. The growth of the race has been incredible. We had nearly 400 runners last year and anticipate having 500 participate this year.

We have set up our race as an activity that includes the whole family. Our 5k age categories range from under 11 years old to over 60 years old. This year we're also introducing a one mile "fun run" for those who don't feel that they can run 3.1 miles.

We will be providing a number of other children's games and sporting events on race day. Younger children have the opportunity to jump around in a "bounce house" provided by one of our sponsors.

By contributing a prize to the race, we will see that your company is acknowledged on race day. We will also include your company's name in the prizes section of our website (www.powell5k.com). We need all prizes no later than May 20th.

We greatly appreciate your consideration of this opportunity.

If you have any questions, please do not hesitate to contact me.
